

EXHIBIT 3  
DATE 3/11/09  
SB 440

Dear Representatives,

I urge you to vote against SB440. If air pollution permitting is dispensed with, who will be responsible for air quality? Although most of Montana enjoys very high air quality, a brief look into the past at Missoula's air quality should be illustrative of the need for air quality regulation.

Thanks for your attention,  
T.H. Crawford
